Introduction

By using the key of Atlantis and Conscious Projection, the portal, the five markers, and the five rites of passage are revealed:

The Revealed Five Markers/Five Rites of Passage

--()--

1st Marker/Rite (Neophyte/Fool - Symbol 0)

*The unlearned man embarks upon the journey of sensation.
This is education.*

With sensation does the man, who knows nothing, experience the first rite of passage. Then shall he join with earth and the substantial world, and learn of secret and purpose. In this shall he recognise, and this is the first marker.

--()--

2nd Marker/Rite (Jongleur/Magician - Symbol 1)

*The competent man uses the four dominions, chance, and dreams.
This is application.*

With feeling, does the man who uses the four dominions, the pieces of chance, and dreams, experience the second rite of passage. Then shall he join with water and the etheric world, and work with secret and purpose. In this shall he utilise, and this is the second marker.

--()--

3rd Marker/Rite (Illuminator/Hermit - Symbol 9)

*The wise man illuminates, teaches, and heals.
This is illumination.*

*With wisdom, vision, and wholeness, does the man who withdraws,
experience the third rite of passage. Then shall he join with fire and the
cognitive world, and illuminate secret and purpose. In this shall he realise,
and this is the third marker.*

--()--

4th Marker/Rite (Spiritus/High Priest - Symbol 5)

*The spiritual man bestows secret and purpose.
This is knowledge.*

*Without illusion, does the man who stands before the pillars of duality,
experience the fourth rite of passage. Then shall he join with air and the
conscious world, and bestow upon others, secret and purpose. In this shall
he actualise, and this is the fourth marker.*

--()--

5th Marker/Rite (Veritas/Actualization/World - Symbol 21)

*Through the unification of the dominions, secret and purpose is fulfilled in
consciousness.
This is existence in completion.*

*Through unification, does the man who is expanded with that which he is
not, experience the fifth rite of passage. Then shall secret and purpose be
fulfilled in boundless consciousness. In this shall he be, and this is the fifth
marker.*

--()--

Warning

*That all may be accomplished, the ordinance of the rites of passage must be countenanced
with care. Thus, no consciousness may restrict the fulfilment of secret and purpose in another
consciousness. And this is realised in the expression and manifestation of life-force energy
through the rites of passage.*
